North Herts Museum Update: photographs of the Museum development on Flickr

As part of the redevelopment of Hitchin Town Hall, the old gymnasium and the Workmen's Hall to provide a new Museum and community hall, we are keeping a photographic record of the work. Demolition started in December and continues apace. Selected photographs are being posted on <u>NHDC's Flikr stream in a</u> <u>special set</u> to allow you to follow the work.

Demolition under way on what will become the entrance to the Museum and Town Hall
